

The Key Of Time

by A Future Memory

Watch Tower - Type-0 Automatic 1st Edition - Sanctuary (sky blue)

Details:

- Automatic - 21 jewels, made in Japan
- Luminous details on dial
- Adjustable rice bracelet
- Castletop crown with faceted gem ("crown jewel")
- Spinning silver cross-swords
- Chain link bezel
- Glass caseback
- 3x clear gems (1 on dial, & 1 on each sword)

Case size: 40mm (w)

Bracelet: standard adjustable, 1 size fits all

This is a special 1st edition, limited to 37 pieces.

Type-0 has some slight changes from the original design, listed below:

- There is a regular second hand
- The cross-swords spin freely on a bearing as the timepiece moves
- The jewels on the dial are white instead of green, as per the vote on @TheKeyOfTime instagram
- There is a faceted gem on the crown
- The chain & cap on the crown has been removed

The original design is important to us but the quality is our top priority. The unique castle tops will require more testing. Follow @TheKeyOfTime to see all new releases.
